I pulled ICIS for Freedom Industries – they are not listed specifically

Ex. 5 - Deliberative

Their POCA Blending facility in Nitro WV – the subject of a multimedia inspection as part of the Region 3 Huntington WV initiative on 11/3 2009. Which included support from Region 4, Region 5 and NEIC . Poca was inspected by NEIC staff, for RCRA, SPCC, and Storm water.

- The facility was covered by a Multi sector general permit for Storm water, and was in compliance with the permit at that time.

- The facility has an RCRA ID #WVR000508473 – they were in compliance at the time of the inspection. – materials onsite were no-hazardous
